

Better Care Fund – Integration Executive

Integration Resources - June 2019

A. Alliance Commissioning and Coproduction in Mental Health

This paper uses published material, learning from commissioners, providers and people with lived experience, and our own knowledge and experience, to discuss the benefits and challenges of alliance commissioning and coproduction in mental health. Read the report here;

<https://www.ndti.org.uk/resources/publications/alliance-commissioning-and-coproduction-in-mental-health>

B. NHS England Bulletins -

- An army of experts have been recruited by NHS England to help prevent care home residents being given too many medicines as part of a package of measures to improve older people's health and care in the https://www.england.nhs.uk/2019/05/army-of-nhs-experts-to-tackle-over-medication/?utm_source=feedburner&utm_medium=email&utm_campaign=Feed%3A+NHSCBoard+%28NHS+England%29
 - NHS England has funded a £2million programme to help 23 areas kick-start or boost leadership development activities to support and inspire workforce in health systems across England from GPs, consultants and therapists to nurses, social workers and managers. https://www.england.nhs.uk/2019/05/nhs-england-funds-2million-to-boost-system-wide-leadership-development/?utm_source=feedburner&utm_medium=email&utm_campaign=Feed%3A+NHSCBoard+%28NHS+England%29
-

C. Payments and contracting for integrated care: The false promise of the self-improving health system

This report questions whether financial incentive schemes will be any more successful than their predecessors.
